

WHY COMPASS?

We are a proven provider of integrated healthcare, human performance optimization, research and readiness support that advances mission critical success for defense and federal agencies.

CAGE: 90CR2 **UEI:** KAGKG8MH6KN1

ABOUT US

Compass Government Solutions (CGS) is a mission focused small business dedicated to advancing military readiness, healthcare delivery, and human performance across federal environments. With specialized clinical, operational, and human capital services, CGS delivers integrated solutions that support active service members, veterans, and federal agencies. Our approach combines healthcare, human performance, and human capital services, to enhance force readiness, resilience, and overall mission effectiveness. CGS aligns its capabilities with evolving Defense Health Agency and Department of War priorities.
